

# Solutions for Volunteer Screening

Share Credentials is happy to provide comprehensive, compliant, fast, and affordable screening options to volunteers in our community. Get credentialed and hit the ground running in record time to help your chosen organization(s) in the unique way only you can.

Our background checks are comprised of the following six components:

## Applicant History Trace

Thoroughly searches public records including Aliases or "AKA" names, appearances on the Death Master Index, residential history, and more.

## Nationwide Federal Criminal

Searches the government's name-based national index for U.S district and appellate court cases, which includes all jurisdictions. Name matches are cross-referenced against the Federal Bureau of Prisons Databases, offering information on persons who have been in federal prison.

## County/Statewide Criminal History

Explores real-time, original-source records directly at the county level to report felony and misdemeanor convictions. Statewide searches offered where available.

## Nationwide Sex Offender Registry

A search of the Sex Offender Registries including all 50 states, the District of Columbia, outlying territories and islands, and 100+ tribal registries.

## Multi-Court Jurisdictional Database

Searches more than 650 million records from sources across the U.S., outlying territories and islands such as from the U.S. Administrative Offices of the Court, county arrest records, the Department of Corrections, and Department of Public Safety.

## Global Report

This search comprises an extended compilation of public government watchlists including federal, state and industry sanction lists. Additional sanctions and watchlists are added as governments and international organizations release them.

### What is the Adult/Child Protective Services Registry?\*

Request of the information of a state's adult and/or child protective registries. Non-criminal classes of information may include, but are not limited to, accusations of malnourishment, multiple abuse allegations, non-convicted criminal charges, non-criminal charges and information. If listed on the registry, details are only provided to the individual. Some states limit the availability to search registries to those needing state or federal licensure.
